REDEFINING WORKFORCE POTENTIAL

Each March, we recognize **Developmental Disability Awareness Month** — a time to celebrate the talents and economic impact of individuals with developmental disabilities. In Santa Clarita, inclusive employment is more than a social good — it's a business advantage. Individuals with developmental disabilities are strengthening local companies across industries through reliability, productivity, and unique perspective.

We invite business leaders, hiring managers, and community leaders to join us on March 26. You'll hear local success stories, connect with practical resources, and discover how easy it can be to expand your talent pipeline. If workforce development matters to you, this is a conversation worth having. Reserve your seat today and be part of building a stronger, more inclusive Santa Clarita economy.
